## Why is this a priority?

Key industry sectors in the state have the capacity to grow and generate additional quality jobs as well as serving as magnets for further development. These sectors include: aerospace, agriculture, clean technology, information and communications technology, life sciences, and maritime.

## How are we doing?

**Green:** Overall employment increased 9.5 percent from 2012 to 2015, surpassing the 2015 goal of 6.5 percent growth.

## What are we working on?

<b>Problem/Opportunity:</b> Increase employment in industry by 6.5 percent from 2012 to 2015	<b>Strategy:</b> Track strategic implementations among industry sectors by reporting employment data.	<b>Examples/Details</b> Quarterly update of action items based on input from Department of Commerce	<b>Lead:</b> Jaime Rossman <b>Due Date:</b> 30-Jun-15 <b>Status:</b> On Track
---	--	--	--

**Partner Agencies:**  
Commerce

<b>Problem/Opportunity:</b> The current public job matching case management system is outdated and inefficient and is not seen as an alternative to private systems.	<b>Strategy:</b> ESD has contracted with Monster Government Solutions for the redesign of the public job matching and case management system. Functionality and format will be based on cutting edge technology while maintaining relevant WA state labor market data.	<b>Examples/Details</b> Go live for WorkSourceWA.gov is set for May 3, 2016.	<b>Lead:</b> Jan Oswald <b>Due Date:</b> 3-May-16 <b>Status:</b> Complete
